#### **A. Employees and Appointees Who Must Attain Clearances and Complete Training**

Employees and appointees who must obtain clearances and complete training include, but are not limited to, those who have Direct Contact with Children at University-Affiliated or Non-University Affiliated Program, including, but not limited to the following:

- In a traditional Childcare or elementary/secondary school setting.

- In a clinical practice or while engaged in research involving Children.
- In accelerated programs that are open University classes and programs to Children who are also enrolled in a secondary school.
- In connection with any camp, clinic, mentoring program, or similar activity with Children, such as a summer camp or laboratory experiences.
- In connection with off-campus recruitment of prospective students.
- In any other manner not referenced above.

If the position requires clearances, the employee or applicant must coordinate with the Office of Human Resources (“OHR”) and/or its designee<sup>1</sup> to submit the required clearances as outlined in Policy CS 17 Section IV(A).

### **B. Applying for Clearances and Required Training**

After a new employee accepts an offer of employment for a position that requires Child protection clearances, and pursuant to Policy CS 17 Section IV(B), the Responsibility Center Head for that new employee must coordinate with OHR and/or its designee to initiate the Child protection clearance process, including training, for that new employee.

Detailed guidance on this process can be found on the Office of Human Resources website under [“Applying for Child Protective Clearances”](#).

### **C. Recertifications of Clearances and Training**

Employees requiring clearances must renew such clearances every 60 months (i.e., five years) from the date of the employee’s oldest certification.

All three clearances must be completed at the same time regardless if there is variance in the expiration dates for those three clearances.

Additionally, as part of the recertification of clearances, employees requiring recertification must complete training administered by the Office of Human Resources.

Detailed guidance on this process can be found on the Office of Human Resources website under [“Recertification of Clearances.”](#)

### **D. Portability of Clearances**

**Employees and Paid Appointees:** New and current employees and paid appointees may use previously obtained clearances outlined in Policy CS 17, Section IV(A), so long as the clearances are less than 60 months old and they were obtained for employment purposes (i.e. clearances obtained for volunteer purposes will not be accepted). However, all employees and paid appointees who use clearances less than 60 months old that were originally obtained for another

Both the Portability Statement and copies of the clearances must be submitted to OHR or its designee. If any of the necessary clearances are out of date or missing, the applicant will be required to obtain all new clearances.

**Unpaid Volunteers and Unpaid Appointees:** Volunteers may use previously obtained clearances outlined in Policy CS 17, Section IV(A) that are less than 60 months old regardless of whether the clearance was previously obtained for the purpose of employment or volunteer service. However, prior to the commencement of service, an individual who relies upon a clearance originally obtained for another entity must sign a Portability Statement to swear or affirm that they have not committed a disqualifying offense. Both the Portability Statement and copies of the clearances must be submitted to OHR or its designee. If any of the necessary clearances are out of date or missing, the applicant will be required to obtain all new clearances.

### **E. Reporting Arrests, Convictions, or Substantiated Child Abuse**

Employees, appointees, and Volunteers who have Direct Contact with Children must provide written notice within 72 hours of any arrest or conviction that would constitute grounds for denying employment or participation in a program, activity or service, or of any finding that the individual is a perpetrator in a founded or indicated report of Child Abuse. ## **F. Programs Involving Children on Campus**

All University-Affiliated programs, including camps, clinics, grant funding, research, and similar programs that are owned and/or operated by the University, with Children in attendance must be registered with OHR or its designee. This registration process can be found at: <https://www.hr.pitt.edu/clearances-training/programs>

All Non-University Affiliated and operated programs taking place on University campuses or University leased properties are required to register with OHR or its designee. This registration process can be found at: <https://www.hr.pitt.edu/clearances-training/programs> .

In all cases, no Employees or Volunteers are permitted to have Direct Contact with Children in connection with a program until OHR or its designee has reviewed the required clearances and approved each such individual. In cases of Children staying overnight on campus or needing transportation, the department must consult with Panther Central and Student Affairs.

**Note:** If a department or unit has clearance requirements that differ from Policy CS 17 and/or this Procedure, Policy CS 17 and this Procedure shall take precedence. If, however, a department or unit has more stringent clearance requirements than those outlined in Policy CS 17 and this Procedure, individuals must follow Policy CS 17 and this Procedure and must also fulfill the more stringent department or unit requirements.

**Note:** Just as employment clearances can be submitted for use with a Program, a department or unit has the discretion to require employment level clearances rather than volunteer level clearances based on the needs and mission of their Program

**Note:** Volunteers using this exemption are still required to submit a Pennsylvania State Police Criminal Record Check and a Pennsylvania Child Abuse History Clearance.

**Disclosure Statements are not applicable for Programs involving minors on campus and should not be submitted when registering Programs. Opting out from the FBI clearance.**

The law permits unpaid Volunteers to use clearances that are less than 60 months old; if the clearances are set to expire during the duration of the program, they will not be accepted and the Volunteer will need to provide updated clearances. This is regardless of whether the clearance was previously obtained for the purpose of employment or volunteer service. Additionally, prior to commencement of the Program, an individual who relies upon a clearance originally obtained for another entity must sign a Portability Statement to swear or affirm that they have not committed a disqualifying offense. The third-party provider will facilitate the process for the Portability Statement.

**Disclosure Statements are not applicable for Non-University Affiliated Programs involving Children on campus and should not be submitted during registration.**

**License agreements must be submitted to OHR or its designee. Any questions about licensing agreements should be directed to the Responsibility Center Head who must work with the Office of University Counsel.**

Additional guidance on the University Affiliated Program and Non-University Affiliated Program registration process is located on the Office of Human Resources website at: <https://www.hr.pitt.edu/clearances-training/programs>
